Dear Breeders

We would like to welcome you all to our 3rd Annual Annalara White Dorper Sale.

We have much satisfaction in presenting this sale catalogue of our rams and ewes that have once again, through a very trying season, have succeeded our expectations, particularly with the inclusion of RRA46 'Rocket' progeny.

It has been very encouraging to see the lamb markets return to a more sustainable level, which due to the reduction in the Australian sheep population, should see more of a demand for sheep meat generally, both domestically and export.

Annalara White Dorpers has continued to dominate on Lambplan with a number of trait leaders for eye muscle of all terminal breeds.

Annalara White Dorper staff are available to assist clients with your requirements and selection, both stud and commercial and the classing of your flocks.

We are sure that our sale catalogue meets and supplies your breeding replacement requirements and thank all our clients for your purchases and support that will compliment your own success and expectations.

We would like to take this opportunity to wish you all the best for the coming season.

Best Regards

The Cresswell Family and Employees of
Annalara White Dorpers
